

Doctor On Call

Receive expert medical care from our highly qualified and DHA-certified doctors, who provide prompt attention and personalized treatment for your health concerns. Our experienced medical team ensures reliable and compassionate care, anytime and anywhere in Dubai

Nursing at Home

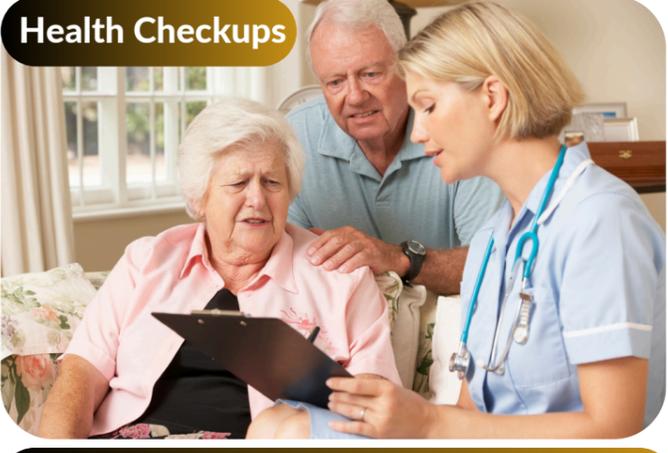

Receive professional nursing care tailored to your medical needs, from wound care to chronic disease management, delivered by our skilled and compassionate nurses. Our experienced nursing team ensures quality healthcare with empathy and care, in familiar surroundings.

Lab Tests at Home

Our skilled professionals collect samples securely, ensuring accurate results delivered promptly, covering routine tests, specialized screenings, and diagnostic services. Our experienced medical team provides reliable and efficient lab testing services, all from the comfort of your home.

Health Checkups

Get comprehensive health screenings and diagnostic tests from our experienced medical team, who ensure convenience, accurate results, and timely detection of potential health issues. Our highly qualified doctors and healthcare professionals prioritize your health, safety, and convenience.

Teleconsultation

Connect with experienced doctors online through secure teleconsultations, who provide quick medical advice, prescription refills, and follow-ups without stepping out of your home. Our highly qualified doctors ensure convenient & reliable teleconsultation services, prioritizing your health and safety.

Physio at Home

Enjoy professional physiotherapy sessions tailored to your needs, delivered by our licensed and experienced physiotherapists who focus on improving mobility and reducing pain. Our skilled physiotherapists use advanced treatment techniques to ensure effective and personalized care.

STD Tests

Receive discreet and confidential STD testing services, conducted at home by our professionals who ensure privacy, reliability, and accurate results. Our experienced medical team provides safe and confidential STD testing services, helping you maintain your sexual health with confidence and care.

Food Intolerance Test

Identify food sensitivities with our accurate food intolerance testing services, delivered by our experienced medical team who help you understand your body better and manage your diet effectively. Our skilled professionals ensure reliable and confidential testing services, all from the comfort of your home

IV Drip at Home

Stay hydrated and energized with our IV drip services, administered by trained professionals who deliver essential vitamins, minerals, and hydration. Our experienced medical team ensures safe and effective IV drip therapy, addressing fatigue and dehydration effectively.

Glutathione Drip

Rejuvenate and detoxify your body with our Glutathione Drip therapy, administered by experienced medical professionals who ensure safe and effective delivery of this powerful antioxidant. Our Glutathione Drip services promote overall wellness, improve skin health, and boost immunity, all from the comfort of your own home.

Vitamin Drips

Boost your immunity and energy with our multivitamin drip therapy, administered by trained nurses who deliver essential vitamins directly into your bloodstream. Our experienced medical team provides safe and effective multivitamin drip therapy, promoting optimal absorption and quick results.

NAD Drip at Home

Improve cellular health, boost energy, and enhance mental clarity with our NAD drip therapy, administered by professionals who support anti-aging and promote overall well-being. Our experienced medical team ensures safe and effective NAD drip therapy, all from the comfort of your home.

Dubai's Leading Urgent Homecare Facility

GRACE HOUSECALL DOCTOR

Doctor Consultation at Home/Hotel
24/7 immediate appointment
No travel required

 ★★★★★

I can highly recommend Grace Housecall if you are in need of a Doctor. I picked up a viral infection during transit and was in dire need of treatment - Dr Amna made a visit to my hotel and immediately put me on IV antibiotics - I was a new person within hours and grateful to have met her and her assistance
